### MARKET

: Exports to more than 180 countries worldwide with Marketing offices in the USA and Germany.

Date: 25 March 2014

TO WHOM IT MAY CONCERN

We are one of the world largest latex powdered gloves manufacturers having a total of 19 gloves factories with total annual production capacity of 41.3 billion gloves.

We have been using FOVAC products supplies by Ferrovic Corporation (M) Sdn Bhd since 2013. We are utmost satisfied with the performance of their greases, lubricants and Delimon Centralized Grease Pump.

With the installation of Delimon DS Centralized Grease Pump in out factories, we have since solved our frequent problems of bearing failure due to inadequate and inconsistent greasing. Our management is very pleased to note the significant cost savings in our machineries breakdown and smooth production thereon.

We highly recommend using Ferrovic Corporation's products especially it's Delimon range of products made in Germany to other potential users.

Yours truly

Chan Chen Wei
