

# **FOOD GRADE LUBRICANTS**

## .... PRODUCT DATA SHEET.........

### FOVAC® PAL VHVI AIRLINE OIL

#### **DESCRIPTION**

FOVAC® PAL VHVI Airline Oil Fluid is a food grade, synthetic lubricant developed for pneumatic airline systems used in food, drink and pharmaceutical processing and packaging equipment. Also suitable for other compressed air systems where a clean, non-staining product is desired.

FOVAC® PAL specially formulated from Very High Viscosity Index (VHVI) Fluid to give much better performance for use in all types of low pressure and high pressure airlines and all types of pneumatic tool systems that are found in food related industry.

**FOVAC**® **PAL** meet the requirements of NSF-H1 (Lubricants with incidental food contact) and contain only ingredients permitted under 21 CFR 178.3570, 178.3620. It does not contain any natural products derived from animals or genetically modified organisms (GMOs). It is suitable for use where vegetarian food is prepared

NSF Registration Number : 168891 U.S. FDA No. 21 (CFR) 178.3570 Kosher Certified & Registered U.S Department of Agriculture Class H1 Halal Certified & Approved

#### **FEATURES**

Overcomes difficulties associated with vane scorching
Excellent demulsibility characteristics and Anti-Misting
Excellent rust and corrosion protection
Reduced sludge, varnish and deposit formation
Excellent protection against the drying out of seals and gaskets
Easily atomized
Low coefficient of friction provides excellent lubrication and redu

Low coefficient of friction provides excellent lubrication and reduced wear Protects against air moisture and provides good of internal corrosion protection Very high viscosity index for enhanced oil stability

Improved durability of non-ferrous parts
Excellent anti-foaming properties
Enhanced thermal and oxidative stability
Clean, clear and non-staining
No odor and no taste
Synthetic base for better lubricity
Superior hydrolytic stability
Exceptional anti-wear protection
Non Toxis and food grade

#### **APPLICATIONS**

Food and Beverage Production Airline system Industrial applications General Lubrication Pharmaceutical Industrial Air Compressors

#### **SPECIFICATIONS**

ISO Viscosity	15	22	32	46
Density, g/cm³ @ 15°C	0.88	0.85	0.88	0.88
Viscosity Index	133	138	140	137
Flash pt, COC °C	210	222	228	229
Pour pt, COC °C	-60	-58	-55	-45
Viscosity @ 40°C, cSt	15	22	32	46

#### **PACKING**

FOVAC® PAL is available in 20 and 200 lit packs

Food and Beverage Packaging Air driven tools Air driven vales and motors
